

Socialization of Gender Problems

The newly established NGO Foundation of Innovations in National Education (FINE) aimed at promoting gender equality with the project “Socialization of Gender Problems”. Three-day trainings with three different project groups were held in the framework of the project. Besides the trainings, a psychologist worked with the project beneficiaries using art-therapy methods.

The trainings were held in the period of June-September, 2017. The total number of beneficiaries reached 50 persons, with 7 male and 43 female participants. The age of the participants ranged from 23 to 35 years.
